Lawyer Precipitates Disgraceful Row

INVESTIGATION ADJOURNED

Just After Opening to Avoid a Fight in the Court Room

(Scripps-McRae Dispatch.)
NEW YORK, Jan. 6.—H. H. Rogers took the stand about noon and gave his residence and name and said he was in the oil business. He was asked what companies he was connected with and Attorney Rowe interjected an objection and instructed the witness not to answer.
Commissioner Sanborn said to Rowe: "The witness will take no advice from you, you represent no parties to the fact. I insist you do not further interrupt the proceedings."
Rogers refused to answer on grounds of personal privilege and said he was not afraid of incriminating himself.
A wordy war between Rowe and Sanborn precipitated an adjournment at about 1 o'clock to prevent a disgraceful termination of the hearing. Sanborn ordered Rowe to leave but he refused. The situation grew critical and Sanborn refused to continue the hearing with Rowe in the room.
Rogers broke up the seriousness by saying he wished they would order him out.

HURLED FROM TRAIN TO DIE

Thrown from a moving train by a brakeman and left lying in a snow bank in a stunned condition for several hours before found and cared for, was the experience of an unknown tramp at Medary, four miles east of the city.
Henry Schroeder, who runs a saloon near the junction, found the man lying in the snow shortly after daybreak yesterday morning and at first thought he was dead. An investigation showed, however, that life still remained and summoning help Mr. Schroeder conveyed the man to his home, where a physician was called. Within a short time the heat of the room revived the stranger and after being treated for a time he fell into a deep sleep, slumbering throughout the day.
In the evening he was able to move about and although still dazed remembered enough of what had happened to tell Mr. Schroeder that a brakeman had found him stealing a ride and had pushed him off the train. Had the weather been cold the man would no doubt have frozen to death while lying in a stupor in the snow.

MANY TAKE CIVIL SERVICE EXAMS.

Two state officials took non-competitive examinations and five applicants for positions took competitive examinations, the first under the state civil service law in La Crosse county, today.
The examinations were held in the small council chamber at the city hall and started at 9 o'clock this morning under the direction of County Civil Service Commissioners Harry Spence, F. H. Fowler and Frank Winter. Nearly the entire day was occupied in the examinations.
All the applicants were examined in spelling, writing and arithmetic and in special subjects with reference to the sort of work required in the positions for which they were being examined.
The two state officials, Game Warden George Kingsley and Factory Inspector August Lehnhoff, took non-competitive examinations merely to satisfy the commission that they are competent to continue in their present positions.
Applicants for appointments and the positions they seek are as follows:
Harry G. McCabe, La Crosse, clerk.
Charles Chalsma, La Crosse, deputy factory inspector.
Tony J. Beaser, West Salem, deputy factory inspector.
J. L. Thayer, La Crosse, clerk.
William Vaughan, La Crosse, engineer.
Five other job seekers made applications to take the examinations but did not put in an appearance.
When vacancies develop in the state service the appointing officer will inform the civil service commission and the three highest standing applicants on the eligible list for the place vacant will be submitted to the appointing officer, he being empowered to select and appoint any one of the three.
The applicant writes his examination without giving his name and the person who examines the paper does not know the name of the writer. The paper is marked and graded by number and this means is adopted in the hope of securing the utmost fairness.

WILL ICE MEN GET ANY ICE?

With the winter over half gone and conditions as yet far from favorable for the ice harvest local dealers are beginning to worry.
A foot and a half of snow which covers the river is a serious handicap to the icemen. It affords a blanket of protection to the ice beneath, preventing its freezing to a thickness warranting the commencement of the ice harvest. It will take a long spell of cold weather to bring about the desired result with all this snow on the ground, whereas the harvest would be on now if there was but a few inches of snow covering the ice.

WHEATON HOME, SCENE OF TRAGEDY

Styer entered through a kitchen window indicated by (X) and after shooting Ruth and the mother who met him, rushed upstairs to Pearl's room. Locking the door he reloaded his revolver and as she tried to flee from the closet entwined his arm about her neck and murdered her. The room upstairs in which she was shot is also indicated by (X).

HUNDREDS ATTEND THE FUNERAL

The largest funeral ever seen in Houston county was that held this afternoon in Caledonia, when Pearl Wheaton, murdered by her lover, Matt Styer, and her sister, Ruth, who died from bullet wounds received from the same source, were laid at rest in the village cemetery.
A prayer was held at the house and then the funeral cortege formed and two hearses conveyed the flower laden caskets to the village Methodist church, where services were conducted by the pastor. Hundreds of people from all over the county were there to attend the services and only a small portion of them could get into the church. The funeral procession of carriages and sleighs which followed the remains to the graveyard was a couple of miles long. Stores and business houses were closed during the services.
Mrs. Wheaton, still confined to her bed with the wounds inflicted by Styer, was unable to attend the services. This morning the caskets in which reposed the remains of her two daughters were taken into her bedroom and she took a last long look at the faces of her dear ones whom she would never see again in life. She stood the ordeal with fortitude in spite of her weakened condition, and now that the worst is over physicians seem confident that she will speedily recover from her wounds.
The funeral of Matt Styer was held yesterday afternoon from his parents' home. It was private and none but relatives and those who assisted in the funeral services followed the remains to the grave.

MAN UNDER SPELL HITS ENCHANT- RESS

Mrs. Herbert L. Flint, wife of the professional hypnotist, often seen at La Crosse at the theatre, has at last been made the victim of an accident which La Crosse people have often marveled did not happen during her exhibitions.
Last night during a performance at Kenosha she had one of her subjects dancing. When she snapped her fingers in his ear and awakened him the young man came out of his trance so suddenly that he jumped into the air and planted both feet in Mrs. Flint's face. Severe flesh wounds were inflicted and Mrs. Flint is confined to her room.

CONTAGIOUS BLOOD POISON KING OF ALL DISEASES

To Contagious Blood Poison rightfully belongs the name King of all Diseases. It is the most powerful of all human ailments—corrupting every part of the body and wrecking and ruining the lives of those unfortunate enough to contract it. When the first sign appears in the form of an insignificant sore or ulcer, few persons realize that the deadly virus has entered the blood; but so potent is the poison that one drop will vitiate and pollute the purest and healthiest blood, and in a short time the degrading and horrible symptoms begin to appear. The mouth and throat ulcerate, the glands in the neck and groins swell, the hair and eye-brows fall out, copper-colored spots appear on the body, and in the latter stages of the disease the poison even works down and destroys the bones. No other disease is so highly contagious, and many have contracted it and suffered its awful consequences through a friendly hand-shake, handling the clothing of one afflicted with it, or drinking from the same vessel. S. S. S., The King of Blood Purifiers, is the only cure for Contagious Blood Poison. It goes down into the circulation and forces out every particle of the virus. It is nature's antidote for this peculiar poison, and cures the disease in all its stages, and cures it permanently. S. S. S. does not hide or cover up any of the poison to break out in future years, but so completely eradicates it from the blood that no signs are ever seen again. S. S. S. is purely vegetable, we offer \$1,000 for proof that it contains a particle of mineral of any kind. Book with instructions for home treatment and any medical advice you desire will be furnished by our physicians without charge.

SOCIETY

By ALICE W. WHEELER

The reception given by the Knights Templar at Masonic Temple Monday afternoon and evening will long be remembered as one of the most delightful affairs of the holiday weeks. There was a musical program by a quartette composed of Mrs. J. S. Lowe, Mrs. C. W. Dow, Otto Zielke and Prof. J. K. Kerr. Miss Rose Koethe gave a recitation, "Countess Laura," which was received with great enthusiasm. The illustrated Knights Templar address given by Captain Dalton was delivered in a very impressive manner and was very interesting. At 6 o'clock was the uniform dress parade of Sir Knights followed by the grand march led by Sir Knight I. H. Moulton and Mrs. J. W. Skinner preceding Sir Knight S. Y. Hyde and Mrs. Alfred Harrison. An elaborate dinner was served and the remainder of the time devoted to dancing.

DANCING PARTY.

The holiday festivities practically closed Wednesday evening with the dance given at Masonic Temple by Mr. and Mrs. S. Y. Hyde for their son Samuel Hyde, Jr., and his guests, Miss Louise Wells of Cascade Locks, Ore., and Mr. Jack Wright of Detroit, Mich. The worst storm of the season had been raging all day but it did not prevent the attendance of nearly a hundred guests upon the occasion. The host and hostess with Miss Wells, Mr. Samuel Hyde and Mr. Wright received the guests in the pretty little reception parlor which was ablaze with light and the gas log burning in the grate gave a cheerful aspect to the surroundings and the storm outside was soon forgotten as the inspiring strains of Kreutz's orchestra was heard from the ball room. At 10:30 delicious refreshments were served in the dining room which had been attractively decorated in pink and green. A long table running through the center of the room was filled with jardiniere of palms, ferns and pink azalias. Upon the other tables were wreaths of smilax and pink azalias. The World's Greatest Newspaper

THE majority of newspaper men throughout the country—and they are the best judges—agree that THE CHICAGO TRIBUNE deserves the title of "The World's Greatest Newspaper." Every big piece of news is told best and most fully in The Tribune, and frequently The Tribune has the news a day ahead of other newspapers, as was the case with the battle of Manila, the income tax decision of the Supreme Court, and the surrender of Port Arthur.

In features as well as news The Tribune also leads. Many of the most popular ideas in the modern newspaper world were originated by The Sunday Tribune. Consider for instance the history of its

Five Unapproachable Supplements

THE SUNDAY TRIBUNE was the first American newspaper to publish a special sporting section. The fame of the "Pink Sheet" is now world-wide. It has a host of imitators but no equals.

THE SUNDAY TRIBUNE was the first newspaper in Chicago to issue a comic supplement. The pioneer is still the best. Its comics provide clean, wholesome fun without vulgarity. No parent need be afraid to permit the children to read The Tribune's Comic Supplement.

THE SUNDAY TRIBUNE'S Colored Supplement is the oldest in Chicago. It is still the best. It is the only newspaper in Chicago that makes its own colored plates and these excel the work of the New York and Philadelphia newspapers, from which the other Chicago newspapers procure their material.

THE SUNDAY TRIBUNE was the first newspaper to issue a Worker's Magazine. In it real workers tell their actual experiences in most entertaining fashion and the

result is one of the most fascinating supplements in existence. The head of one of the largest educational institutions in Chicago says that the Worker's Magazine is of greater assistance to the young men of the west than is any other force.

THE SUNDAY TRIBUNE is the only newspaper in America that issues a weekly dramatic supplement. Correspondents in New York and London write entertainingly of the drama throughout the world and Mr. W. L. Hubbard's criticisms and comment are regarded as the most authoritative in the west.

Besides these five unique supplements **THE CHICAGO SUNDAY TRIBUNE** publishes a section called Household Hints. While not the first woman's supplement it is recognized as the most helpful to the practical housekeeper. Every line is written with special attention to her needs. Thousands of gowns have been made in accordance with instructions given on the famous Home Dressmaking page.

You can't be up to date without The Tribune. Your local newspaper is a necessity, but The Chicago Sunday Tribune also is a necessity if you would be well posted on the world's doings, and no magazine or combination of two weekly newspapers provides so much entertaining reading.

SURPRISE.

Herman Cohen, son of Dr. and Mrs. I. N. Cohen, was pleasantly surprised Thursday evening by a number of his friends, the occasion being a farewell before his departure for Milwaukee where he will attend medical college. Refreshments and games were pleasant factors of the evening. Those present were the Misses Freda Miller, Jennie Schick, Myr Berns, Nellie Schick, Meta Munsen, Clara Witt, Pauline Schwarz, Ella Gerard, Mary Hagenbart, Messrs. Witt, Dollard, Ushner, Winters and Cohen.

NEW YEAR'S PARTY.

Dr. and Mrs. Gunderson entertained at a masquerade party New Year's eve for their children. It was a most delightful affair which the little folks enjoyed immensely. There were a number of pretty costumes as well as a number of comic ones.

The Misses Hoefke entertained a number of friends New Year's eve at the Y. W. C. A. building to watch the old year out and welcome the advent of the new.

Miss Abby Coren gave a "watch party" New Year's eve to a number of her friends.

SLEIGHING PARTY.

Mr. W. F. Funk chaperoned a sleigh ride party Tuesday evening. The objective point was West Salem.

TO THE PUBLIC

THE Washburn-Pillsbury mills has followed the policy of keeping in touch with the home. Bread-making is a science and flour is merely material. Given a sweet, wholesome flour and scientific cooking, the product **must** be nutritious bread. Pillsbury has given the world the flour that is acknowledged to be **the best** ever made, and that is attempted to be imitated by all manufacturers. Pillsbury does not stop there; it makes a business of **promoting scientific cooking**, so that by combining the two the intelligent housewife is enabled to produce the kind of bread that has **won medals for perfection** in all the great world exhibitions. : : : La Crosse has grown to be a city of importance and it has been determined to make a systematic effort to promote the making of **the best bread** in this field. **Read with care** the advertising that will appear regularly in this newspaper. It will make **good bread** a food article to be found in every La Crosse home.

TO COMBINE THE LIGHT PLANTS.
When the Wisconsin Light and Power Company was organized great fear was expressed lest the new company consolidate with the old. Men wanted the new company. They had "hollered their heads off" for competition, and they did not want to take any chances of competition being again eliminated.
And it is interesting to note that a number of these men who were loudest in their protest against being obliged to pay more for light than for rent, have accepted the big saving which competition has brought about but instead of supporting the new company which they feared would "combine," have signed up long term contracts with the old Light Trust because of a probably imaginary saving of somewhere between 15c and \$15.00 a year provided for them by the Light Trust which now proposes to make them pay back in heat and gas whatever it loses in the reduction of electric current as the result of competition.
So far as these gentlemen are concerned, we wish that the two companies might combine, and that these public spirited gentlemen might pay whatever electric current could be made to cost under the conditions to remedy which they were so recently so eager and to maintain which they would not sacrifice an imaginary sum of somewhere between 15 cents and \$15.00 a year.

TO REACH FAR OUT.
As an important incident to its campaign for the creation of a strong home market for home-made goods, The Tribune is sending out hundreds of letters to citizens of La Crosse with a view of interesting them in the project. This letter-writing campaign will be continued with vigor until all the people of this community have been reached with the most telling arguments in favor of sustaining home industries. That this effort on our part will be received with approval by intelligent people of this city we cannot doubt, for we are promoting no eccentric idea but are merely reminding our fellow-citizens of a plain duty the discharge of which has its remuneration for every man and woman of us all.

We take this method of urging all loyal people to make haste to sign and return to us one of the pledges which may be found on Page 4 in this paper, and in inducing their friends and acquaintances and all those with whom they have influence to do the same.

A WONDERFUL BEEF.
One of the most interesting occurrences of the week is the slaughter by Langdon & Boyd of a 1,500 pound full-bred Herford beef, which is said by experts to be the finest animal of the kind ever sold for meat in the northwest.

The animal was known as "Puritan II," and was a product of the Cargill-McMillan stock farm, where Mr. Cargill is raising Herford cattle of so excellent character that their celebrity gained at inter-state and state fairs throughout the United States has advertised La Crosse in all the country.

The beef will be cut next week in Langdon & Boyd's branch market No. 1 under direct supervision of Mr. Langdon, the local packers having interested themselves in securing as great a degree of perfection in cutting and marketing of the animal as its producers had done in breeding it. When you buy your meat of Langdon & Boyd this week, you may be securing a roast or a steak from one of the most celebrated as well as the most perfect beef cattle ever raised in the great northwest. And it is a La Crosse product marketed by a La Crosse packing house.

The animal is now hung up for exhibition in Branch No. 1, where the public is invited to call and inspect it. It is worth while, for no man in La Crosse ever saw hung up a beef the like of that in all his life.

Have you signed the pledge? It will do you good by doing La Crosse good. Be patriotic, and join the crowd.

The Progressive Association has not recently had an opportunity to demonstrate its usefulness. We predict that it will make good.

The people of Wisconsin should have made the new "independent" Senator La Follette put up a \$50,000 bond not to "combine" with the Spooner Patronage Trust. That arm-in-arm sensation looks suspicious.

JUST LIFE

"When the Coat Fits—"

'N now Willie's gone 'n got mad at us.
'N Willie went 'n printed our initials in his Foolish Fakir's column, 'n threw dirty mud at us—us, a poor struggling boy, who is not wise enough to take advantages of high-salaried men's ideas and palm off the loot as original gray matter.

'N all this when we never mentioned his name.
Well, we feel a lot more important, anyway, since we have been recognized. We even believe our fortune is made. Perhaps Mr. Douglas will even "find" us, some day. But then, some "finds" are like gold bricks. The finder has it on his hands, and is ashamed to acknowledge his error of judgment, so keeps the brick—or the "find." So we don't really know whether we want to be "found" too. But anyway, we've been recognized by a humorist.

We judge our maligner considers himself a humorist—THE humorist, in fact—else he would not hustle into this coat, which we tailored the other day, without special reference.
'A humorist' who cops his ideas from the Record Herald column of humor, certainly deserves great credit for his originality.

We have a passing acquaintance with Willum. He once worked here—or no, pardon us, he didn't work; rather it didn't work, so he sought greener pastures. Yes, they were green, down there. The verdure always was marked, and people are not so unlike chameleons that the gold brick episode will be misunderstood.
But in our acquaintance with Willie, we rather liked him, and did not believe he would attack us so virulently at the first opportunity. We really would hesitate a long while before saying anything mean about anybody, and especially Willie! For we believe in encouraging youthful effort; in helping the amateur to succeed, rather than ridiculing him.

If we wanted to be mean with Willie we could be dreadfully so. We could say that his poetic efforts not only lacked poetical technique, soul or subject matter, suggestiveness, originality and profundity, but even the flowing metre of the school girl's verse. We could say, if we wanted to be mean, that if George Ade had copyrighted all his dialogue jokes, our friend Pfister would probably be "going down" for court costs. We might say in the lowest form of humor, Willie was a proficient pirate. We would suggest after reading Willie's "Liar-icks" that Willie hire out as a sheet of carbon paper. We would say that Willie's original efforts left him plenty of time to hang on the press club bar, and collect second hand jokes. We might suggest Sam Kiser, W. D. Naughton, George Ade, Bill Kirk, and other HUMORISTS, form a society for the suppression of plagiarists. And this is not all we could say, if we wanted to be mean. We would say the general tone of Foolish Fakir's, discloses the train of thought followed by Willie and "tips off" where he spends his evenings.

But then, as we said, we rather liked Willie from the fleeting glimpse we caught of him, before he spied the greener fields, and we would not say anything mean for the world. He accuses us of throwing mud and saying mean things, when we did not mention his name. He says, too, that good natured badinage hurts no one, indicating his vindication is therein expressed. 'N then Willie goes to work 'n assaults us like a bird of prey attacks a helpless little chick in its own garden spot. We have never dared to venture out into the great world, for WE feel our littleness. But it is distressing to have our consciousness of this emphasized from mighty pens wet with Pfister's ink.

We have said much more than we intended. If we continued we know our wounded feelings would run away with us. However, "feelings" have no such tender significance to us, as to Willie.

We hope our friend will agree to kiss and make up, for newspaper men

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

GOLDEN NUGGETS FOR SALLAW PEOPLE

AN APPEAL

To the Manhood of La Crosse Men

For months THE TRIBUNE has been conducting a campaign to promote the support of La Crosse manufacturers by urging all loyal citizens to buy goods made in La Crosse wherever and whenever they are to be had on even terms with goods shipped here from foreign factories. It is an unfortunate fact that all of us are in the habit of neglecting this important duty. We do it because we are thoughtless; every man of us would buy a La Crosse article that is as good as a foreign-made article sold at the same prices, IF WE ONLY THOUGHT. The Tribune proposes to make every man in La Crosse THINK.

Why We Should Always Think

If La Crosse has a great future, it is as a MANUFACTURING CENTER. The sawmills and the Wisconsin pine forests made La Crosse. But the pine forests are gone, and the sawmills are gone, and most of the lumbermen are gone. Those who remain have wealth accumulated in a lifetime of industry, and they want to invest it. They would prefer to invest it in La Crosse, but they will not do so extensively unless they recognize a purpose on the part of the people of La Crosse to support the establishments that are started here. Neither will the millions of outside capital seeking investment come here without the encouragement of HOME SUPPORT. In short, La Crosse cannot be anything great except a manufacturing center, and it cannot become a manufacturing center unless its people invite investment in factories by supporting their factories.

It Is Up to You

Do YOU live in La Crosse? Do YOU expect to CONTINUE to live in La Crosse? If you do, you are vitally interested in everything that will build up La Crosse. Nothing will build this city up as will home patronage of home goods. The Tribune has begun a crusade which it believes will within one year increase the home market for home-made goods FIFTY PER CENT. That is a lot to say. We say it because we believe in YOU. We believe that once YOU become impressed with the importance of doing so, you will DEMAND home-manufactured goods. Who are YOU?

Are YOU a capitalist? An investor? If so, YOU know that a popular purpose to buy home-made goods means success to La Crosse factories whose successes MUST radiate success to every man who owns a dollar's worth of property here, or is engaged in business here, or earns salary or wages here.

Are YOU a merchant? If so you know that support of home goods means more factories, more employees, more patrons of the retail stores, more sales, more profits, more prosperity. It means enhanced values of your real estate; it means a bigger bank account and an expansion of your business.

Are YOU a salary or wage earner. If so you know that home buying of home goods means more employment, higher average wages, increased in value of your home if you own one, greater general prosperity in which you are a stockholder.

What Can You Do?

You can make up your mind to do something, and DO it. We ask YOU to fill out and sign the pledge that accompanies this article, and mail it to The Tribune. We guarantee you that this will HELP. "Every little bit helps."

Think what it would mean were 1,000 men of La Crosse to sign this pledge, and KEEP IT! WE KNOW that at least 5,000 La Crosse men will sign it and keep it. It is easy enough, and we know that YOU will do this little bit for La Crosse. WAIT A MINUTE! This means YOU. And NOW is the time.

Get your friends to sign this pledge also. See to it that your influence is exerted in a good cause. Write a letter telling what you think of the work, and suggest to us new ideas in carrying it out. Address all letters and pledges to

AT THE THEATRES

A logical play of sensational dramatic interest, teeming with fascinating surprises and keenly awake to the demands for a story that reaches the heart, is the right kind to attract the masses with. That is why the success of "Why Women Sin" has been so pronounced. La Crosse theatre Sunday, Jan. 7th, afternoon and evening.

An evening of hearty and healthy fun may be looked forward to when that brilliant comedy success of last season, "The Marriage of Kitty," will be presented here this afternoon and evening by Jules Murry's comedy company headed by that favorite comedienne, Miss Alice Johnson.

"Sis Hopkins" characters have become common since that entertaining young lady was first introduced to the public. In "Chick Elsey" in George Ade's "The County Chairman," which comes to the La Crosse theatre Thursday, Jan. 11th, we have another type of rural half grown girl even more entertaining and natural than "Sis" at her best. "Chick" is an orphan and full of unconscious humor. She is only one of the many remarkably well drawn characters with which Ade has filled his comedy. It abounds with types drawn with a veracity that is at times startling. This production has scored the biggest comedy success in years. A big company of 100 people is engaged in presenting this comedy by the famous humorist.

THE ANNUAL P. & W. REUNION AT STODDARD

Pleasing Event With Which Commercial Year is Ended

An entirely satisfactory event was the annual convention of the traveling representatives of the P. & W. Cigar factory held here this week. The affair climaxed in a banquet given at the Hotel Stoddard Thursday afternoon, which proved to be a delightful function.

It has been the custom of the P. & W. firm for some time past to hold this annual convention. They are called "firm" conventions, as the company regards its employees as members of the firm, a sentiment that is justified by the enthusiastic interest which they take in the company's affairs.

Three years ago the firm had three regular salesmen. This year ten intelligent and progressive young men assembled from the road in all parts of the U. S. to take part in the annual reunion. The traveling representatives were W. G. Fitzgerald, Spokane, Wash.; Wm. Bieber, C. D. Blakeslee, Fargo, N. D.; Jno. W. Kennedy, Grand Forks, N. D.; H. G. Smith, Sioux Falls, S. D.; Nete Ellis, Minneapolis, Minn.; A. B. Daggett, Bemidji, Minn.; L. E. Schreier, Darlington, Wis.; W. E. Neustadt, Milwaukee, Wis.; F. A. Ruplin, La Crosse, Wis.

Supt. Albert Kirschner and H. Keller were present with the Wighenon family and the office employees. The after dinner speeches consisted rather of an informal discussion and the exchange of ideas and experiences were indeed interesting. All reported a satisfactory year and plans were formulated for 1906 upon which was based an enthusiastically expressed determination to make the coming year the banner year of the firm's business. It was decided that all hands should set upon "La Prevallid," the excellent new Havanna, as the article upon which the greatest force should be focused. The meeting finally disbanded with expressions of mutual good will and good resolutions.

There is genuine regret among local National Guardsmen over the retirement of Col. Graham of Tomah, inspector of small arms practice in the state guard. He was extremely popular among the marksmen and had a great deal to do with bringing marksmanship up to its present high standard of efficiency.

Many children are poisoned and made nervous and weak if not killed outright by mothers giving them cough syrups containing opiates. FOLEY'S Honey and Tar is a safe and certain remedy for coughs, croup and lung trouble, and is the only prominent cough medicine that contains no opiates or other poisons. Sold by J. A. Erhart & Son.

EXPURE OF UNION GRAFT MATTER

Labor Organizer Panke has received the following notice from the American Federation of Labor of

ficial action taken at the last meeting of the federation regarding a big grafting scheme in which any union is liable to be plunged. The notice is in the form of a warning as follows:

All central bodies and unions are hereby notified that the man, P. H. Scullin, representing the National Peace association, is deemed by this assembly guilty of practices contrary to the ethics and principles of unionism. He has collected money from Chinamen through the endorsement of the San Francisco Six companies on assurance that the unions will cease their opposition to Chinese cheap labor. We deem it wise that the arbitration principle, which is good in itself, should not be compromised by any method of graft or misrepresentation. Hence this warning.
